  - b) Mrs Rogers updated the Council regarding the disused building accessed via the snicket between Main Street and Tennis Court Lane. Hambleton District Council is reluctant to board up the property as it is only authorised to board up “dwellings”. This definition could be stretched, however, according to the neighbours it is not causing a public nuisance. The Council is to try and trace the owner of the property, via the land registry, and ask them to make the property safe. In the meantime the Council pointed out that if the property is being accessed this is trespass and therefore at the trespassers own risk.

9. Any Other Business

Mr Brown requested that the Parish Plan be put on February's agenda and could the Councillors in the meantime consider how best to generate support if it is agreed to proceed.

Mr Brown also commented on the increase in dog mess in the village that always happens this time of year.

Mr Simpson queried the scaffolding that has been on a building at the top of South Back Lane for some time and obstructs the pavement. Clerk is to look into this.

Mr Spark advised that only 70 letters of support against the closure of the Post Office had been received in the shop in Tollerton. The Councillors thought that this was very poor but reflected the apathy of many people in the village.

Mr Spark advised that he had received a complaint about RMJ Builders using the front garden of 35 Church Close to keep a skip and a trailer. He appears to be transferring waste, which is illegal, and the Clerk is to report the matter to Hambleton District Council.

Meeting open to the public 7.55pm

Mr Russon thanked the Parish Council on behalf of the Sports & Recreation Club for its continued financial support. This funding enabled the continued running of the Club and allowed the committee to focus on fundraising capital projects which have been successful.

Mr Pratt commented on the lack of Councillor presence at either the planning meeting or the site visit in connection with the proposed affordable housing development. The No Councillors had been able to attend due to the timings of both events and work commitments. Mr Pratt commented that District Councillor Campbell had also failed to attend the meeting.

Meeting closed 8pm
