An e-mail was received from Alne Parish Council regarding the various public rights of way. It was agreed, that the stretch of road you mention is dangerous, our attempts to find a solution in the past have fallen on deaf ears with NYC. Any footpath or such installation would apparently be very costly and not high on their list of priorities.

8. Planning Matters

8.1 The following planning applications were received and discussed

ZB223/0228/FUL application for a loft conversion with addition of 3 velux windows and car port Far Croft, South Back Lane, Tollerton – Council had no objections to this application.

9. Car parking in Tollerton

Cllr Runciman has not yet met with Paul Crosby but is hopeful of having a meeting with Paul Crosby the Highways Engineer in the near future and asked what the Parish Council would like to see if he is successful in getting Paul Crosby to come out to meet in the village. Cllr Jackson felt Ideally a 20mph zone on certain sections of the road to increase safety. It was agreed to see if this is achievable and allowable by NYC. The junction beside the public house is a priority. If Paul Crosby does come to the village it was also felt a discussion about Wharehills Lane junction would also be useful.
